

Everyday Student Discounts At NOVA Dive Center

Lots of folks come to us for SCUBA training. A lot of those people already have their own dive gear. Some, however, need a few things just to get started. Those people might not be ready to make the plunge and take advantage of our Life Support Package discounts or our Outfit Package discounts, but they are ready for a few of the necessities.

Well here at NOVA Dive Center we have discounts deals for them as well. Any student currently in training with us automatically receives a 5% discount on any gear or accessory purchases throughout the course of his or her training.
